

TrueNute Sodium Thiosulfate

Thank you for your purchase of
TrueNute Sodium Thiosulfate!

For Aquaponics.

Add about ½ Teaspoon to 10 gallons of water.

The process takes less than 10 minutes just to be sure we always wait 10 minutes before add the new water to the system.

If you have a very small system, please contact us
for support

@ trueaquaponics@gmail.com .

If you need help,
